

## NEWS FROM YOUR ELKS MAJOR PROJECT . . .

I am very happy with the progress Mavis (Mavis Johnson, Occupational Therapist) has made with my son John. John has improved his writing and now will be working in other areas to improve his motor skills. Mavis has given us great insight with different tools to work with John.

Leeanne (Leeanne Cadwallader, Vision Screener) was very nice and polite with all the children that she saw. Children were cooperative with her. She was well prepared so that all the screenings went smoothly and efficiently.

\* \* \* \* \*

Karen (Karen Anderson, Speech-Language Pathologist) is wonderful. She has built good support with my daughter and me. She seems very knowledgeable and shares her insight which is very helpful. My daughter responds well to her and loves her therapy sessions!

\* \* \* \* \*

Denise (Denise Wilson, Physical Therapist) is a great physical therapist and we are so thankful for all her work towards improving our daughter's condition. Denise has a great rapport with us and our daughter. She is very professional and constantly displays her compassion towards her chosen line of work.
