

## NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Denise (Denise Wilson, Physical Therapist) has been extremely helpful and supportive in my son's ongoing struggle with toe walking and cerebral palsy. Without her endurance and determination he would never have gotten to where he is now. We are forever grateful to her. She is a kind hearted wonderful person.

Anna (Anna Galvan, Vision Screener) has been an effective screener for preschool for the past twelve years. The program has found several kids who needed attention and finding them at a young age has made a huge difference.

I really enjoyed having Karen (Karen Anderson, Speech-Language Pathologist) come and be able to work with my son. My son Brady really enjoyed having Karen as his "friend". She's great at her job.

Gina (Gina Murphy, Vision Screener) is always so thorough and pleasant to work with. I feel our children and families are greatly benefited by this program. Keep up the great work that it takes to continue such a program in these tough times.

She (Linda Pinnell, Vision Screener) is excellent, patient and gets the job done. She is always on time and very professional.

The screening was excellent. I like the simple way you use to test the children. Everything went smooth and fun for the children. They later talked about the "pirate game" they played. Thank you!

A coin a day so they can walk, talk, see and play!
