Elks Program For Children With Disabilities

Bequests and Living Trusts Committee Bulletin/Magazine Article

MARCH 2008

March is always in turmoil because the new officers are getting ready to advance to their new positions and the old officers are wondering what happened to their year in office. Bequests and Living Trusts is very important to the future of the Major Projects. To make sure your lodge is up-to-date you must have a BLT Chairperson. The message about the BLT is going out all over the California Hawaii Elks Association. The BLT programs we have presented to your present lodge BLT Chairperson have been updated and we have sent him a revised manual. We are getting the message out about the BLT and we do not want to interrupt the message being spread throughout the association. The Lodge BLT Chairperson will keep you informed of all changes that are made to any of the present literature posted on your lodge bulletin board. We can't stress the importance of the Major Projects having a future because that means that children with disabilities will continue to receive help. If you wish to find out more information you can go to our web site at www.chca-elks.org and click on Bequest/Living Trusts. Then download the information you require and if this doesn't answer your questions, contact your District BLT Chairperson. Thank you for considering the BLT Program.
