

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Aside from Ms. Johnson's (Mavis Johnson, Occupational Therapist) extreme professionalism and exceptional Occupational Therapist abilities, she is always insightful, concerned, helpful, and exceedingly kind. Our entire family feels so blessed to have her in our lives. Also we cannot thank the California-Hawaii Elks enough for such a wonderful program!

We are privileged to have this tremendous opportunity to provide this service to our families. Linda (Linda Pinnell, Vision Screener) has been screening our children for years and has added to our family. It's amazing how she is able to screen so many children so efficiently and accurately. She is a blessing to us and we look forward to many more years together.

It has been a privilege to receive speech services from Ms. Hedley (Hedley Uetake, Speech-Language Pathologist) and your program. We feel grateful and relieved to know that we were able to get help for our daughter. She has made progress and we're able to have better communication between ourselves and with others. Thank you again for all that you do.

We are very grateful this program is available to us. With this program we have had a few children's eyes corrected. If not for their vision screening, their vision problem may not have been detected so soon. Thank you very much, we appreciate your services!

Miss Cadwallader (Leeanne Cadwallader, Vision Screener) is a very wonderful person. She was very polite and very gentle with the children. The screening ran very smoothly and we don't think a service could be better than this. God bless you Miss Cadwallader and those who provide the service.
