

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Ms. Agra (Jocelyn Agra, Speech-Language Pathologist) has done and is doing a wonderful job. I love the activities she uses; it helps my son stay engaged. I also appreciate that the program involves the parents as a lot of the practice occurs in her absence. Overall, I am extremely pleased with the treatment that she provided. Also, I am so appreciative to the Elks for sponsoring this much needed service.

I am grateful for your program and for Maria (Maria Martin, Physical Therapist). She did a wonderful job in getting my son assessed and giving me tips on how to get him walking and in braces to correct his pronation and flexible ankles. Thanks to your program and Maria he is doing amazing and s right where he should be. Thanks Maria you are a blessing!

Ms. Agra (Jocelyn Agra, Speech-Language Pathologist) provides a very well balanced therapy setting for my son. He is interested, involved, and works hard to achieve the learning goals within our session and after.
