I have worked with Gina (Gina Murphy, Vision Screener) for many years and look forward to our yearly visits. She is very professional and works well with our children.

We really enjoyed having Hedley (Hedley Ueatake, Speech-Language Pathologist) as Kayslan's therapist. Kayslan enjoys Hedley very much. Hedley is an excellent speech therapist and is very knowledgeable in many therapeutic areas. Thank you for allowing Hedley to work with our family! Hedley has creative activities; with simple around the house games and toys Kayslan's attention is captured.

Linda (Linda Pinnell, Vision Screener) is very professional and is always prepared to serve our children. She is great with the children making sure that their needs are addressed. Her attention to detail in being accurate is appreciated because the children that have vision concerns are thoroughly screened before a referral is issued. I welcome her service anytime!

Terri (Terri MacCoan, Speech-Language Pathologist) is an excellent therapist. We have seen so much improvement in our daughter. Terri really understands our daughter and has so many ways to really engage her. I have learned so much. Terri also takes the time to explain my daughter's situation to me. Thank you for the services you are providing. We really appreciate the help for our daughter. What you do is so valuable!

Thank you so much for providing this service for preschoolers at no charge. Elks are the best! Our staff appreciates knowing if a child has specific needs. Often teachers concerns about a specific child are validated by this eye/vision screening. I enjoy working with Wyomi (Wyomi Yonzon Yockey, Vision Screener).
