

## NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Tracy (Tracy Archipley, Speech-Language Pathologist) is so caring and made such a connection with Max. He really looked forward to her visits and made great strides in the amount of time they worked together. His vocabulary and confidence grew and it is now hard to get him to stop talking! We are so grateful for your program and can't say enough great things. Max is a shining example of how your speech therapy services make a difference. People comment daily on his speech - how much and clearly he talks. And we notice it too. Amazing! Thank you and Tracy for your hard work and demeanor!

Terri (Terri MacCoan, Speech-Language Pathologist) is a phenomenal speech therapist. She is always inventing new ways to teach and evoke proper speech. I have learned so much from her patience, her creativity, and her perseverance. We all cried when J.P. qualified for speech at school because we will miss her so much.
