

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Parents pleased with progress:

I am writing this letter with much appreciation and gratitude to the California-Hawaii Elks Major Project for providing my son, Jarron, with outstanding speech therapy. We are very pleased with the progress he has made in eight short months.

Our speech therapist, Hedley Uetake [Speech-Language Pathologist] was wonderful. Jarron loved going to speech with Ms. Hedley because it was all fun and games for him. He didn't realize that with every session his speech was improving by leaps and bounds. Ms. Hedley was always patient, kind and fun. Most importantly, she was able to identify the particular sounds he was having difficulty with and gave him tangible tips to remind him of the proper sounds.

Ms. Hedley was professional at all times. She was prompt for appointments, explained to me what the goals and action plans were and always communicated well and appropriately with Jarron. I even learned a few techniques on how to communicate more effectively with Jarron.

Again, a big thank you for providing us with this invaluable service.

Wonderful services provided:

Linda [Linda Nay-Morgan] is always a welcome "sight." We cannot thank Linda and you for the wonderful service you provide our school. Linda is a great person, she works fast and is so good to the children.

Thanks so much!

Thank you.

Excellent program and wonderful, kind, patient, knowledgeable staff! Thank you for providing this service.

A coin a day so they can walk, talk, see and play!
