### **I can understand my child now!**

I just wanted you to know that Hedley Uetake [Speech-Language Pathologist] has helped Jaclyn a lot. I can understand Jacky most times when speaking. Hedley is caring and very considerate in her caregiving and also most motivating and always thinking how to improve any given situation. Thank you and your program. It has helped a lot.

### **Pediatric Vision Screeners have a unique way of connecting with children!**

Nicole Smith [Pediatric Vision Screener] has always been very professional and courteous with our staff and the children that she screens at our site. I have always been impressed with the quality and thoroughness of the screening documentation she provides for our files. Nicole has a unique way of connecting with our children during the screening process. I would like to enthusiastically extend our appreciation for the service that Nicole provides. Nicole's professionalism and service is of the caliber "Beyond Reproach."
