

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

The Best Thing About Your Program:

The best thing about your program is the in-home care with a knowledgeable therapist. Therapy was very personalized and helped to teach our family! (Jocelyn Agra, Speech-Language Pathologist)

* * * * *

The therapist was very helpful in suggesting ways to improve my son's speech and language. She seemed very concerned about his progress. My son had many speech therapists before Jocelyn (Jocelyn Agra, Speech-Language Pathologist) but I felt she was the most experienced and caring therapist he has had.

Preschools and Day Care Centers Appreciate Elks Pediatric Vision Screeners:

The children were treated with respect by Mrs. Zinn (Candy Zinn, Pediatric Vision Screener). They were so relaxed they didn't ever realize they were engaging in eye testing.

Thank you!

This is a wonderful program. Anna (Anna Galvan, Pediatric Vision Screener) is very professional, on time, and very good with the children.

Thank you for doing this with us.

* * * * *

Linda Pinnell (Pediatric Vision Screener) is always efficient, courteous and well prepared. She does a fantastic job of screening our Head Start kids.

* * * * *

Katie (Katie Mackay, Pediatric Vision Screener) was fantastic. She had a great way of talking to the children. She was clear with her directions and even knew some Spanish! She really is nice! We'll see you next year and will make sure we have more children ready to screen. Thanks!!!
