

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Thanks go to therapist:

Porter has made wonderful progress working with Jocelyn Agra (Speech Language Pathologist) and he enjoys his weekly sessions! Jocelyn is a wonderful speech-language pathologist and our whole family has enjoyed the interactions with her, as she makes us all feel like a part of the process. We are grateful for the help that the California-Hawaii Elks has given our family.

The work Judy (Judy Linda, Occupational Therapist) has done with my children has been wonderful. It has really helped my son and we have been able to keep him off medications. We are so fortunate to have her services here in the mountains. Thank you for the gift of her work here where services like hers are either too far away or too costly. THANK YOU!

Notes received from Preschools and Day Care Centers:

Candy (Candy Zinn, Pediatric Vision Screener) was excellent with the children. Thank you so much for allowing us to be a part of your program.

* * * * *

Mrs. Murphy (Gina Murphy, Pediatric Vision Screener) is a wonderful woman. It was a joy to have her at our school for two days. She does a fantastic job working with my students and faculty. We look forward to her next visit.

* * * * *

Nicole Smith (Nicole Smith, Pediatric Vision Screener), makes the children feel at ease and makes it fun for them. She is professional and courteous.

* * * * *

Teresa (Teresa Schachtel, Pediatric Vision Screener) did a wonderful job with all ages. Se was direct and sweet at the same time. There were no problems of any kind.
