

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Grateful Preschool Director writes:

Linda Nay-Morgan {Pediatric Vision Screener} is awesome! She's been coming to our school for twelve years now. She is always warm and friendly to the staff, children and parents. She is so good at what she does. Thank you for providing her to us and thank you for such a wonderful program. Linda has "caught" a large number of vision problems in our children over the past twelve years. Most of our children wearing corrective lenses are using them because Linda discovered their vision problems. Who knows how long it would have gone undetected had Linda not screened them. Thank you for everything!

Thanks from parents:

We enjoy working with Hedley {Hedley Uetake, Speech-Language Pathologist}. She is encouraging when I'm not sure if Cara is regressing or stuck with certain sounds. We think this is a wonderful project for the Elks to undertake and wish there were more therapists to meet the demand. We consider ourselves fortunate to get the help now before Cara enters kindergarten.

I feel this program is exceptional. I really like Judy {Judy Linda, Occupational Therapist} always giving me the edge of upcoming therapies, new concepts, classes attended, etc. She has provided great training and support for me as a stay at home mother!

I liked Denise {Denise Wilson, Physical Therapist} a great deal, her patience with my son, Diego, and the way she treated him and myself. She's a very good Physical Therapist, and cares about the children.

A coin a day so they can walk, talk, see and play!
