

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Grateful parents write:

Mavis (Mavis Johnson, Occupational Therapist) is amazingly patient and accepting of my daughter. I also feel very comfortable having Mavis in my home as she is very supportive and parent-friendly. We are grateful to have her and believe our daughter has progressed with Mavis's services.

Two of my children have seen Hedley Uetake (Speech-Language Pathologist), for speech therapy. She is absolutely fabulous!!! I am so grateful to her for all her efforts and for the difference she has made in my boys.

Preschools and Day Care Centers Appreciate Elks Pediatric Vision Screeners:

Gina Murphy (Pediatric Vision Screener) truly works well with children. She made the children relaxed and did the screening as a game. The children really enjoyed the visit. Thanks for everything.

* * * * *

Thank you for having and continuing this program. My parents are also very thankful and Linda (Linda Pinnell, Pediatric Vision Screener) is just a delight to work with. We look forward to seeing her again next year!

* * * * *

Katie Mackay (Pediatric Vision Screener) did an excellent job with the children. She kept their attention and had them excited to be with her. The screening worked very well for our program. Thank you for making it available to us.

* * * * *

Candy Zinn (Pediatric Vision Screener) is always very professional. She is always courteous and generous with her praise toward the children and staff. She is easy to work with and is a great representative for the Elks! Thanks for sending her.
