

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Vision Screening services "wonderful":

All I can tell you is Linda Pinnell [Pediatric Vision Screener] is the most gracious, most wonderful person that has screened the children that I have met! She does excellent work every time she comes out to screen the children. She does a great job! There isn't much you can do to improve the quality of work that Linda does. I would recommend her to any school. I can't say enough about her. She's just wonderful!

This is such a great service to the parents and children in our class. We have identified several children every year with vision concerns. Thanks for providing it.

Thanks for all your help. What a great program. Hopefully we can get the children the help they need and you provided the first step!

Parents grateful for generosity of Elks:

We have been extremely pleased and appreciative of the services Ms. McGuire [Maureen McGuire, Speech-Language Pathologist] has offered to our daughter. We are very grateful to the Major Project for the generosity in providing the exemplary services over the past 12 months. We would be pleased to be a referral for any families or children that may be in need of these fine services. Thank you for everything.
