

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Congratulations on a job well done:

Linda [Linda Nay-Morgan, Pediatric Vision Screener] has a wonderful rapport with children, parents, volunteers, and staff. She is professional in every sense of the word and things always go very smoothly when she is here. Many, many children have received the vision help they needed over the years because of her expertise, and the valuable service the Elks of California and Hawaii provide to children. You are all to be congratulated on a job well done!

* * * * *

We appreciate it very much that the Elks look out for our children's eye sight. Thank you so much.

Major improvements through therapy:

Judy [Judy Wong, Occupational Therapist] is doing an excellent job with our son Wyatt. In the time Judy has been working with him, he has shown major improvements in all areas of our concern. If it had not been for her care, dedication, concern and professionalism, he wouldn't be as advanced as he is.

Thank you.

Outstanding Job!!!

Maria [Maria Martin, Physical Therapist] has done an outstanding job with Braeden. Braeden thoroughly enjoyed his visits with her and always looked forward to "playing" with her. Maria has been a wonderful support for the whole family. We are very grateful for the services we've received through this project.

A coin a day so they can walk, talk, see and play!
