

## NEWS FROM YOUR ELKS MAJOR PROJECT . . .

### Your Program Has Changed My Son's Life:

I am greatly appreciative for this program. Had it not been for Denise (Denise Wilson, Physical Therapist) my son may have ended up wearing a helmet due to his irregular head shape. She worked with me giving me information and instructions to remedy the problem. I am told his head has recovered remarkably with no noticeable signs. Thank you for offering this program. It has changed my son's life!

A Grateful Parent

Ms. Agra (Jocelyn Agra, Speech-Language Pathologist) was a wonderful therapist for Eric. She was able to successfully nurture Eric in the world of speech and provide him with the proper tools for mastering verbal communication at his age level. Eric looked forward to meeting with Jocelyn each week as he always learned new skills in a fun, rewarding and positive environment created by Jocelyn. We are truly thankful and blessed to have received her services through your generous and caring organization. Thank you for the bottom of our hearts!

### Preschools and Day Care Centers Appreciate Elks Pediatric Vision Screeners:

This is an amazingly wonderful service your organization provides. We are thankful and grateful for early vision screening.

\* \* \* \* \*

We appreciate the care that Nurse Anna (Anna Galvan, Pediatric Vision Screener) provides for our preschool program. She is thorough and efficient in her screening technique and is patient and kind when working with the children.

\* \* \* \* \*

Teresa (Teresa Schachtel, Pediatric Vision Screener) was a joy to work with. She is extremely gifted in her patients and knowledge of preschool development. She shared a lot of information with me and I learned a lot from her techniques as well as information. I would highly recommend her and your services to others. We are planning to have her back next year. Thank you so much for this service.
