

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Thank You Letters from Day Care Centers in Los Angeles and Orange Counties

Teresa Schachtel (Pediatric Vision Screener) was a very patient and professional screener. She came to the Burbank Child Care Committee of which I am a member of. After her visit I called and made an appointment for Teresa to come to our school. Thank you for offering this valuable program.

It is always a pleasure to have Candy Zinn (Pediatric Vision Screener) at our school! We are very grateful to the Elks for providing this program for our students and their parents. Candy has identified children with serious eye problems in the past who I know otherwise would have not been diagnosed and treated. I know the parents of these children were truly thankful. Candy's concern for each child she tests shows in the expertise and thoroughness she demonstrates. She is a great person and a great asset to your program. Thank you for sharing her with our school. Sincerely with our deepest appreciation and thanks.

We were so happy to have Teresa Schachtel (Pediatric Vision Screener) back again this year. She is very professional and a pleasure to work with. Each time I have learned so much. Teresa is very organized and knowledgeable. Thank you so much for providing this service to our students.

We are so grateful for your service. Once again, the screener, Candy Zinn (Pediatric Vision Screener) "caught" problems and referred two children for further examination. With follow-up, these problems can be fixed before the children suffer unnecessarily.

Thank you so much for providing this service. We look forward to your visit again next year.

A coin a day so they can walk, talk, see and play!

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Candy Zinn (Pediatric Vision Screener) is a blessing to work with !! She is always professional, cheerful and dedicated to her work. We are grateful to the Elks and Candy for reaching out to our children and providing this important service.

May God Bless You All!

Candy Zinn (Pediatric Vision Screener) is excellent! My staff loves working with her. She is very efficient!! The children respond to her gentleness and kindness. She is very attuned to their feelings and is able to get them to respond to her testing, setting aside their fears and apprehension! I would like to thank the Elks on behalf of B.C.P. for allowing us the opportunity to offer this program to our students. Children in our facility have been given the chance for early intervention and care that might have gone undetected till later years.

We really appreciate your program Teresa Schachtel, (Pediatric Vision Screener) as our local vision therapist can no longer do screening at our school due to her busy practice. Our parents appreciate having the opportunity to have their children do screening at school Thank you so much.

A coin a day so they can walk, talk, see and play!
