

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Children give thanks to the Elks for their Christmas gifts:

Thank you for my gifts. The big ball and the art kit are a lot of fun. Thank you for my O.T. Mavis {Mavis Johnson, Occupational Therapist}.

Thank you so much for my Christmas present. I love to play with it.

* * * * *

Thank you for the fun Christmas gifts and for all the wonderful things you do for the Kids!

Parents send their thanks to Charlene Brown, Regional Manager, South:

We wish to express our gratitude for the services you have provided over the years to our son, Sean. Sean's speech and gross motor skills have improved greatly since starting your program.

Maureen McGuire {Speech-Language Pathologist} has been a great help in providing information to help Sean improve. Both of them showed great care and understanding of Sean's disabilities.

Sean is currently seeing the speech therapist at his school. Since your program starts kids at an early age, we know Sean has had a great jump-start on overcoming his disabilities.

A coin a day so they can walk, talk, see and play!
