

## NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Dear California-Hawaii Elks,

Thank you so much for all of the help your organization has provided for our son Sean!

Thank you for remembering our family during Christmas with the wonderful gifts!

Mavis Johnson, (Occupational Therapist) has been a blessing this year!

Thanks.

## NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Parents give their thanks and appreciation for annual tradition of Elks  
Holiday gift giving by CHEMPI Therapists:

Dear Elks,

Thank you so much for the gift for my son, Devin. It was very thoughtful.

We also wish to thank you for sending Mavis Johnson (Occupational Therapist) into our lives. Devin is doing so much better. Mavis goes above the call of duty. She cares for each child and their family. She has helped Devin's teacher to direct Devin in a positive way. She has helped me to cope with a special needs son. Mavis also has helped Devin with his self worth and knowing he counts.

Devin's Mom

Greetings!

I am writing to thank you for all the support and wonderful services you are providing to my family. As if you weren't already doing enough, today our Physical Therapist, Denise Wilson, arrived for our usual session bearing a gift for our child. It is a wonderful giant pegboard that both of our children are already enjoying. This gift came from her personal collection. Denise goes out of her way to provide whatever support she can. Our daughter has made extreme progress, largely due to Denise's effort.

I just wanted to let you know how much you are appreciated. Your organization is such a blessing to families who have children with special needs.

God Bless You.
