

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Vision screener a delight:

Linda [Linda Pinnell, Pediatric Vision Screener] was a delight as always. She is very professional and polite with all adults and fun with the kids.

She appears to "know her stuff" and we really would not want anyone else but Linda conducting our vision screenings.

Thank you from a director:

I am always glad to see Linda [Linda Pinnell, Pediatric Vision Screener]. She is warm, friendly and professional! Thank you for serving our school. This is an important program for our parents.

Pediatric Vision Screener a "gift":

I can't say enough positive and wonderful comments about your program, and especially Candy [Candy Zinn, Pediatric Vision Screener].

She's a gift - keep her forever!

Thank you so much!

This is a wonderful program.

This is a wonderful program. My daughter is really benefiting from these services which I would not be able to provide on my own. Judy Linda [Occupational Therapist] is knowledgeable and caring and has taught me a great deal. I appreciate all her efforts and expertise.

A coin a day so they can walk, talk, see and play!
