

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Judy Wong (Occupational Therapist) is a very good therapist. The California-Hawaii Elks Program should be proud to have her.

The screening went very well. The children were comfortable with Katie (Katie Mackay, Pediatric Vision Screener). She was very gentle and sweet to all the children. Katie was prompt and was very organized. I would love to have her back again next year.

Presently I am attending two different speech therapy classes for each of my twin daughters and Hedley (Hedley Uetake, Speech-Language Pathologist) is EXCELLENT. I am able to see the passion and love for Hedley's job through her teaching and interacting with my daughter. We are so thankful to have Hedley in Kynzie's life. Much appreciation to the California-Hawaii Elks Major Project and especially to Hedley Uetake.

We are always so happy to have Linda Pinnell (Pediatric Vision Screener) at our school. She is great! The staff loves how kind she is with the kids. This is such a great service for our families. Thank you!

A coin a day so they can walk, talk, see and play!
