

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Wyomi (Wyomi Yonzon Yockey, Vision Screener) is so professional, very accommodating, and delightful to work with. She is great with children. This is a wonderful service offered to our families.

Paula (Paula Rainey, Occupational Therapist) has been very helpful in educating us on how to help Max. She has made things for Max (weighted vest, crash pad, etc.) on her own time and I feel this is above the call of duty and I am very grateful.

* * * * *

Leeanne (Leeanne Cadwallader, Vision Screener) was very pleasant and kind to the children and adults. She was very understanding with some of the changes in schedule (as there was a Bible study in the same room). It was a very nice experience! Thank you!

* * * * *

Hedley (Hedley Uetake, Speech-Language Pathologist) is wonderful. Sebastian looks forward to his sessions every week. Hedley has an amazing assortment of games/activities that keep the session as enjoyable as they are therapeutic. Fortunately, as a pediatrician, I know what is expected for quality services and Hedley exceeds all expectations! The services that the Elks provide are a blessing and improve only by having therapists like Hedley involved. We will forever be indebted for all that we have and will receive.

Mrs. Pinnell (Linda Pinnell, Vision Screener) is absolutely wonderful when it comes to making our children feel safe and comfortable. She has an amazing ability to multitask and work efficiently.

A coin a day so they can walk, talk, see and play!
