

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

We LOVE Maureen (Maureen McGuire, Speech-Language Pathologist). She got Marissa to work at her speech in a way that no one else could. I would recommend her to anyone!

Candy (Candy Zinn, Pediatric Vision Screener) is a delight to work with and is very thorough. I appreciate this wonderful project for our families.

* * * * *

The experience was great. The children seemed to enjoy the game and the screener was patient, polite and respectful to the children. I look forward to next year. (Teresa Schachtel, Pediatric Vision Screener)

I am very very happy with the services and help that Judy (Judy Wong, Occupational Therapist) has provided to Flor and myself and my family.

* * * * *

This is such a great service to have available for the parents of preschoolers. I always enjoy having Katie (Katie Mackay, Pediatric Vision Screener) here. She has a very gentle way about her which makes the children feel more comfortable. Thanks again!

A coin a day so they can walk, talk, see and play!
