

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Vision screening enriches school:

We are so grateful for your services. Even in this affluent area, parents seldom have vision checked. Your screeners have picked up several problems over the years and have referred children to specialists. We appreciate your caring about all children. Thank you for making this service available.

It was once again a pleasure to have Nicole Smith [Pediatric Vision Screener] screen the preschoolers. Nicole presents herself in a professional manner and relates comfortably with staff and children alike. We look forward to her visit.

We want to thank you all for the program which is a true enrichment to our school.

Thank you for sending your therapist.

Brian [Brian Ferri-Taylor, Physical Therapist] was a wonderful help. He knew quite a lot about a fairly obscure condition, was very knowledgeable about physical development of infants, and exceptional at working with our two to ten month old baby. He had great suggestions for exercises and kept us motivated to do them with our boy Holden. He was professional and personable. Thank you for sending him our way.

Excellent Service!

Your excellent service is greatly appreciated by our school and our families!

Candy Zinn [Pediatric Vision Screener] has a natural ability of making everyone feel very at ease. Thank you so much!

A coin a day so they can walk, talk, see and play!
