

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Our family appreciated the time and effort that Hedley (Hedley Uetake, Speech-Language Pathologist) took to ensure that our son's needs and goals were being met. She provided constant updates and reset goals as needed. All goals were met and she also ensured that we would have everything we needed to transition to possible new services in our home.

Ms. Cadwallader (Leeanne Cadwallader, Pediatric Vision Screener) was very professional and great with the children. She is very genuine about her job and it shows through her positive attitude. This is a great benefit to our school and the families we serve!

Maria (Maria Martin, Physical Therapist) is great! Nickolas always enjoyed her sessions. She is very professional and Nick made huge progress with her help.

* * * * *

Genie (Genie Ruddle, Speech-Language Pathologist) is an amazing therapist. She shows great care for my daughter.

Wyomi (Wyomi Yonzon Yockey, Vision Screener) was wonderful with our children; very patient and comforting to the young ones. Thank you so much for the support from the Elks Association to offer this benefit to our military children in this difficult time in their lives.

We appreciate being a part of this program. We found it very helpful. Our screener (Teresa Schachtel, Vision Screener) was delightful with the children. We would like to be a part of the vision screening next year. Thank you for making it available to our school.
