

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

A preschool director writes:

Gina {Gina Murphy, Pediatric Vision Screener} as always displayed a professional attitude towards staff and children. This is a great service that you offer. We find an average of two to three children a year that have eye problems. This year there were five. Thank you. Keep sending Gina, she's great!

Parents give their thanks and appreciation:

Charlene {Charlene Robles, Speech-Language Pathologist} works wonderful with my daughter and has been able to achieve speech improvement by 70% which I myself was unable to do alone. My little girl looks forward to her appointments with her speech therapist and enjoys it and works hard without even realizing.

We appreciate so much Judy's {Judy Linda, Occupational Therapist} interest and care for our boys. She has made extra efforts to accommodate our schedules. The Elks have made available a wonderful service we would be unable to provide for our boys. Thank you so very much.

Thank you for your services. We really benefited from your program. Our son's confidence grew leaps and bounds as a result of his therapy.

Maria {Maria Martin, Physical Therapist} is great! She has been a huge asset to Levi. We are very appreciative to the California-Hawaii Elks for sending us Maria and the service they provide.

A coin a day so they can walk, talk, see and play!
