

## NEWS FROM YOUR ELKS MAJOR PROJECT . . .

### Thank you from preschool directors:

This is such a wonderful service for our families. We so appreciate your funding this and allowing us to participate. Every year we find children who need additional vision care.

Thank you so much for this service.

\*\*\*\*\*

We always look forward to Nicole's {Nicole Smith, Pediatric Vision Screener} annual visit. She is so personable and easy to have here. She is also very knowledgeable and helpful in helping meet the needs of the community.

\*\*\*\*\*

Erina {Erina Kindreich, Pediatric Vision Screener} is a fantastic vision screener. She is always professional, helpful, willing to work out the best time for our school, friendly with the staff and lovely with the children. She also is very appreciative of the parent helpers who volunteer their time. Very organized, uses time wisely and is a true asset to your program. Thank you for a wonderful program. The school and the parents appreciate it immensely.

### Therapist lights up child's life:

Judy {Judy Linda, Occupational Therapist} was kind and patient even when my child was having a "bad day." She would always make our visit fun and helpful. Gave us ideas of websites and things to do at home. Very versatile. Local location a plus. My children love "Miss Judy."

**A coin a day so they can walk, talk, see and play!**
