

## NEWS FROM YOUR ELKS MAJOR PROJECT . . .

### **Incredible services:**

To the Elks,

Thank you for offering such an incredible service with such professionalism! My daughter would have "slipped through the cracks" since her testing scores weren't high enough to be labeled yet not low enough to show that she didn't need the help. Your service has helped bridge the gap and fill that need where no one else would.

My daughter has greatly improved in all areas where her visual discrepancies proved difficult. Becky [Becky Fahs, Physical Therapist] is wonderful. Jenna loves her and I hold her with the highest regard. She has helped us more than she'll ever know. Thank you Elks for saving Jenna's learning skills and self esteem!

### **Thank you for caring about our children:**

Gina [Gina Murphy, Pediatric Vision Screener] is always very warm and friendly. She connects well with the children. Her instruction to them is clear and on their level. She is kind, gentle and always very professional. This is a great service and we appreciate it so much. Thank you for caring about our children!
