

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Parents express their thanks to the Elks for services received:

Seth's mother was drug impacted at the time of Seth's birth. He was born severely impacted with many problems. With Ms. Linda (Judy Linda, Occupational Therapist), and the California-Hawaii Elks Major Project's help, Seth would not have made the remarkable progress he has shown. Seth may now have a chance at a normal life because of your organization.

Ms. Linda not only assisted Seth, but she also taught us how to help Seth. She is very much appreciated.

A coin a day so they can walk, talk, see and play!
