

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Preschool children love the vision screenings:

Another great and valuable screening process. Nicole {Nicole Smith, Pediatric Vision Screener} was again warm and positive with each child. Her real concern for their vision was evident throughout the process. This service is so needed. Thank you for providing it, especially with screeners like Nicole Smith!

Candy {Candy Zinn, Pediatric Vision Screener} was a ray of sunshine from the moment she arrived to the time she left. I was impressed with her warm smile and gentle spirit with the children as well as our parent helpers. We all loved working with her.

A coin a day so they can walk, talk, see and play!
