

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Grateful parents write:

I want to thank you so much for having Karen Anderson (Speech-Language Pathologist) working for you! She is so kind and understanding with my daughter. She has taught her so much about her speech. When we first met Karen, my daughter didn't talk very much at age two. We learned what her strengths and weaknesses were and how to work through them. We really appreciate your company and all it has to offer someone like my daughter. She will be starting kindergarten this year and we will lose Karen but her teachings with how to convey to my daughter will continue because Karen has taught so well. Thank you so much for this program!

Preschools and Day Care Centers Appreciate Elks Pediatric Vision Screeners:

Linda (Linda Pinnell, Pediatric Vision Screener) is awesome! We enjoy her more and more each year that she comes. She is always pleasant and very informative with us as far as the eye screening results. Thank you for your services. Our parents really appreciate it (and so do we!).

This was our first time and our experience was educational and very helpful. Teresa (Teresa Schachtel, Pediatric Vision Screener) was terrific and very professional. She is very organized and knowledgeable. We are very open to future screenings and will recommend to others. Thank you.

Gina (Gina Murphy, Pediatric Vision Screener) is always a pleasure to have at our center. She works well with the children and staff. We value the free services that you provide.

This is a wonderful program. Candy (Candy Zinn, Pediatric Vision Screener) has discovered problems throughout the years and is wonderful with the follow-ups with the parents. Thank you so much for providing such a worthwhile program.
