

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Therapist Gets Results!

We are so pleased with the services Ms. Jocelyn (Jocelyn Agra, Speech-Language Pathologist) provided our son, as well as with the results! Our son's overall speech has improved and we are more comfortable and confident as he enters his first year of school. Ms. Jocelyn was fabulous. Our son misses her!

It was a pleasure to receive services from the Elks. I appreciated so much. The qualified therapist with good experience (Kris Boyer Bratton, Physical Therapist) made a huge difference while dealing with my son. Thanks a lot.

Preschools and Day Care Centers Appreciate Elks Pediatric Vision Screeners:

I felt very fortunate to offer this service to my students. Teresa (Teresa Schachtel, Pediatric Vision Screener) was awesome and had a very professional manner about her.

Thank you very much for providing this service to us!

Director

As usual, Gina (Gina Murphy, Pediatric Vision Screener) was awesome! She understands the children's needs and provides them with a nurturing, caring environment. She also goes "beyond" the screening by supporting our staff and parents. We can't ask for anyone better!

* * * * *

A very professional and respectful screener (Nicole Smith, Pediatric Vision Screener). The children responded very positively and felt safe and secure with her.

* * * * *

Anna Galvan (Anna Galvan, Pediatric Vision Screener) was very polite and patient with the children. The screening was very smoothly and efficiently run.

A coin a day so they can walk, talk, see and play!
