

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Lisa (Lisa Nelson, Occupational Therapist) was a joy to work with. Madeline improved tremendously and blended beautifully with Lisa. I can't say enough wonderful things about Lisa and the great opportunity this was for Madeline. Thank you.

We are very grateful for the service you provide us with. A couple of years ago you came and diagnosed some of our children who needed glasses. The parents are very grateful this service was provided. Thank you. (Candy Zinn, Pediatric Vision Screener)

* * * * *

Katie (Katie Mackay, Pediatric Vision Screener) was a delight to have. She was friendly with the children (and staff) and able to gain their confidence and cooperation. You are fortunate to have her.

Denise Wilson (Physical Therapist) is excellent. I am glad she is helping us out with Alijah and his contractures. Since she has worked with him I have seen great improvement.
