

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

During the short amount of time that Hedley (Hedley Uetake, Speech-Language Pathologist) was providing therapy to Bobby we noticed a big improvement in his articulation skills. We are very happy with the services she provided. She was very thorough and consistent in her work with Bobby. We really appreciate the services that she provided with such care and concern to improve Bobby's communication skills. We look forward to receiving her help again.

Katie (Katie Mackay, Vision Screener) is such a pleasure to work with. We all look forward to working with her every year. Last year Katie's diagnosis of one of our preschoolers really helped support me in talking with a parent, to help the parent understand the importance of follow-up treatment. The child was seen by an optometrist and was prescribed glasses before entering kindergarten. Thank you again!
