

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

We are extremely satisfied with the screening Katie (Katie Mackay, Vision Screener) does for our program. Each year she is able to find a child or two who need further eye care. We are always thankful for that.

Maria (Maria Martin, Physical Therapist) is a great therapist who cares deeply for her patients. It was a joy not only having Maria in my home for therapy, but as part of our family for the short time she was with us. Thank you for providing such great people for your organization.

* * * * *

Linda (Linda Pinnell, Vision Screener) does a great job! The children always respond to her in a positive manner. Thank you so much for this wonderful service.

* * * * *

Hedley (Hedley Uetake, Speech-Language Pathologist) was a very warm and enthusiastic speech therapist. Cole looked forward to speech therapy and enjoyed all the games he played with Hedley. We definitely heard an improvement in Cole's speech. Hedley is wonderful. Thank you so much for providing Cole with this service. We are confident Cole will be better prepared when he starts kindergarten. Thank you again!

Leeanne Cadwallader, Vision Screener, did a great job with the three and four year olds. They were kept engaged and interested as she explained the process and used props.

* * * * *

Denise (Denise Wilson, Physical Therapist) has always been very kind, understanding and patient. She has always answered all of my questions. She has also been wonderful with my son. I have to say out of all his therapists Denise is by far our favorite.
