

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Ethan started meeting with Becky (Becky Fahs, Physical Therapist) as summer vacation began. She is a nice blend of strict and fun which motivates Ethan to do his best (she'll accept nothing less). Also, she diagnosed Ethan after her very first visit; this is significant since none of his teachers or resource specialists at school have been able to identify Ethan's problem. We have really appreciated Becky and the Elks Association for their support!

The service that was provided by Hedley (Hedley Uetake, Speech-Language Pathologist) was exceptional! We have been blessed to have had the opportunity to work with Ms. Hedley. She is an amazing speech-language pathologist!

We are very impressed with the vision screening program. We had so many children that benefited from this program. Thank you so much for your service!

My daughter loved working with Tracy (Tracy Archipley, Speech-Language Pathologist). Tracy always made our sessions child centered and fun. Thank you Tracy!

* * * * *

Teresa (Teresa Schachtel, Vision Screener) was very friendly, knowledgeable and efficient. We enjoyed her visit and would like these services back at our center.

Genie (Genie Ruddle, Speech-Language Pathologist) relates very well with children and she was able to quickly make a connection with Wesley and kept him interested in what she was doing. She provided suggestions that were easy to implement between our appointments with her. She was very professional and clearly has experience and knowledge in working with young children with their speech. She provided the perfect combination of fun with learning which is so important with young children. Thank you!

A coin a day so they can walk, talk, see and play!
