

## NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Jocelyn (Jocelyn Agra, Speech-Language Pathologist) was wonderful. She was kind but firm with my son and helped him tremendously. She has been a blessing, not just to my son, but to our whole family, as she made it possible for us to communicate effectively and removed the frustration from our conversations. Thank you so much.

Katie (Katie Mackay, Vision Screener) is always a pleasure to work with. Her knowledge of the vision screening process and how she understands young children makes our children very much at ease and eager to be screened.

Ryder and his family thoroughly enjoyed working with Jocelyn (Jocelyn Agra, Speech-Language Pathologist). She made learning speech so much fun and she worked hard. Jocelyn had a genuine desire for Ryder to excel in speech and she succeeded. We appreciate her taking time to observe Ryder in class. Her knowledge and sensitivity concerning sensory issue led to meetings with Ryder's school to address possible problems in Kindergarten, which led to testing. Presently he is coming along in 1<sup>st</sup> grade. Thank you very much!

It is a pleasure to work with Leeanne (Leeanne Cadwallader, Vision Screener). She does excellent work and is great with children! I always look forward to working with Leeanne.

The Elks Association have been a wonderful service. Brian (Brian Ferri-Taylor, Physical Therapist) is a jewel. He has helped Sapphire achieve her goals; he has been there for me and Sapphire when I was overwhelmed with questions and concerns; he's always been helpful, kind and positive. Brian has been a physical therapist for all three of my children. Because of his knowledge, patience and guidance all three are doing wonderfully. Thank you doesn't even cover it, but thank you Elks, and thank you Brian.
