

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

We feel very fortunate to have this service available to us. Elizabeth is progressing well with Genie's (Genie Ruddle, Speech-Language Pathologist) help. Genie helps me and my husband understand what we need to do at home with Beth to help her with her speech. And it's working! Genie's style keeps Beth interested and wanting to try and accomplish speech changes and corrections. Beth looks forward to learning with her and more importantly Genie teaches us as parents how we can help Beth improve her speech. We are so thankful to the Elks Association for giving us the opportunity to make our daughters life better.

We are so thankful that you provide this service. Over the years your service has helped recognize at least five students that needed corrective eye services. Leeanne (Leeanne Cadwallader, Vision Screener) is very patient with our schedule and the kids. We really appreciate her visit!

We truly appreciate her work and positive creative energy she shows our child each and every session. Thank you for providing these services as we do not have any other available options. Thank you for utilizing Genie in this vital position.

We feel very blessed to have had Brian (Brian Ferri-Taylor, Physical Therapist) work with our son. He was great with Cannon and his two older brothers. Thank you for all you do! Thanks again!
