

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

I really love and appreciate Judy (Judy Linda, Occupational Therapist). She was very helpful and always encouraging. She never made me feel bad if I didn't follow through with a recommendation but encouraged and taught me how I could help my son. I'm so grateful my family could be part of this project. I would highly recommend Judy to anyone.

Katie (Katie Mackay, Vision Screener) is wonderful! She works well with the kids and seems to enjoy her job. It is always a delight to see her.

I am thankful for the speech services my son receives. He enjoys going to speech therapy and the homework given. It has improved some of his speech. The instructor Ms. Hedley (Hedley Uetake, Speech-Language Pathologist) gives us supplements to what he is already learning. Thank you for the services your organization provides.

Anna (Anna Galvan, Vision Screener) has been screening our students for many years now. She has always been very professional and works well with our students. Thank you for your services offered to our students and their families.

Denise (Denise Wilson, Physical Therapist) has done a great job for my granddaughter. She works hard with her every time she comes here. Denise is a very sweet person. She is good with my granddaughter and my granddaughter likes her.

Teresa (Teresa Schachtel, Vision Screener) was amazing! She was very sweet to all the children and very patient. I enjoyed seeing her bright smile in the morning. She was very professional and well mannered. It was a great experience overall. Thank you!

A coin a day so they can walk, talk, see and play!
