

## NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Maria (Maria Martin, Physical Therapist) has been wonderful for Macie. Her patience and tenderness helps Macie feel secure. Maria senses just the right amount of encouragement to push her a little farther each appointment. Macie's progress is slow but sure and her confidence is improving as well. Maria teaches me the "how and why" which makes it so much easier to understand Macie's challenges. Maria is a wonderful blessing for all of us.

We are really appreciative of the service offered. This year we had no referrals but we have in the past and parents are very grateful it is caught. Thank you for all your work and dedication to children.

Brian (Brian Ferri-Taylor, Physical Therapist) offered a wonderful service. He was attentive and brought a large arsenal of tools to help Owen achieve his goals.

Mrs. Hedley (Hedley Uetake, Speech-Language Pathologist) is very professional and very good at her job. She keeps Emily's attention with fun and engaging activities. She provides activities which we can use during the week to help Emily improve. My husband and I have been highly impressed with the Elks and feel very fortunate that Emily can receive this service.

I feel Judy (Judy Wong, Occupational Therapist) helped my daughter a lot. She attended several doctor appointments with me. She was a big help to me! Thank you!
