

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Katie (Katie MacKay, Pediatric Vision Screener) was very polite and friendly with the children and staff. We would definitely have her come the next time a screening is done here.

Hedley Uetake (Speech-Language Pathologist) always went above and beyond what was expected. She worked very well with Gage and he was very responsive to her. She was always available to give advice on any concerns we would pose to her. We are greatly pleased with the help she provided to Gage and feel that he has greatly improved because of her. We couldn't be happier or more appreciative of Miss Hedley and the Elks Association. Thank you!

Judy (Judy Linda, Occupational Therapist) treats us like we are family. My son has improved a lot. She has also suggested other positive therapies. She is kind and loving! We love her. I am so grateful.

Our parents are always appreciative of us bringing the vision screening to our site. And generally most parents sign up because they suspect a problem. I appreciate the knowledge and professionalism that Wyomi (Wyomi Yonzon Yockey, Pediatric Vision Screener) brings to represent the California-Hawaii Elks Major Project. She is very patient with each child and we always have the parent at the screening. She is thorough with the parents about the importance of the screening. Many of the parents have been here before to see Wyomi and are happy that she is the same screener. Thanks for providing a great service.

Anna (Anna Galvan, Pediatric Vision Screener) is always professional and positive toward the children. It's a great experience for the children. She always makes the children feel comfortable.

A coin a day so they can walk, talk, see and play!
