

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Genie (Genie Ruddle, Speech-Language Pathologist) was both professional and fun! Casey and I (mom) looked forward to her visits each week and Casey has completely overcome his speech impediment. I am so grateful for your program! My deepest thanks to the Elks and to "Auntie Genie"! P.S. Her "games" were amazing and productive A++

Linda (Linda Pinnell, Pediatric Vision Screener) has been doing this with us for years and always goes above and beyond each time. We enjoy the fact that Linda knows our schools so well that this screening is a breeze. She works hard and deserves extra kudos.

* * * * *

Brian (Brian Ferri-Taylor, Physical Therapist) is an excellent physical therapist! His professional and knowledgeable therapeutic services had a strong impact on improving Sam's mobility, stability and flexibility. It improved her quality of life. His friendly casual demeanor made him greatly loved by the entire family. Brian is creative and innovative, thinking outside the box in finding solutions to the challenges faced by the child. He is missed at our home.

Gina (Gina Murphy, Pediatric Vision Screener) always does a fantastic job! She makes it so easy for us to have her at our center. Thank you for providing this wonderful service to our community.

* * * * *

I don't have the words for how thankful I am for everything that Judy Wong (Physical Therapist) has done for my child, she's wonderful.

* * * * *

Katie (Katie MacKay, Pediatric Vision Screener) is fantastic! She is engaged with the children which makes the experience fun for the children.

A coin a day so they can walk, talk, see and play!
