

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Valerie (Valerie Haskins, Occupational Therapist) is a Godsend to our family. She is kind, patient and compassionate. Kelsey has reached some goals and is working towards. New goals and current areas of need. Valerie is so positive and Kelsey looks forward to her time with "Miss Valerie". I like that Valerie involves all our children in assisting Kelsey to reach her goals. I also like that Valerie shows us what we can do to help Kelsey ourselves. She is an amazing lady!

Gina (Gina Murphy, Vision Screener) is extremely patient with the children, kind and gentle. She is a joy to work and we look forward to having at our school every year. She deserves a big bonus for her wonderful work.

I will miss Sheila (Sheila McCarthy, Occupational Therapist) dearly. She not only addressed the occupational concerns, she did research on other matters as well. Kris can now skip, jump, run and play. At home this has been a joy to watch. We are working on jump rope together - that's the next hurdle for us. We are so grateful to have had all of you in our lives at a critical time. Thank you.

Quatro has completed his therapy. Hedley (Hedley Uetake, Speech - Language Pathologist) was excellent and we accomplished the goals that were set. Every week she had a new activity to reinforce what was being worked on. I don't know who looked forward to it more, Quatro, or myself. Thank you for allowing us to participate in this wonderful program.

The vision screening went very smoothly and the children felt very comfortable with Leanne (Leanne Cadwallader, Pediatric Vision Screener).

A coin a day so they can walk, talk, see and play!
