

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

This is such a great service that you provide our parents. We received a great deal of positive feedback from them saying how much they appreciated this opportunity and Wyomi (Wyomi Yonzon Yockey, Pediatric Vision Screener)! Thanks for helping support our children and families!

* * * * *

Mavis (Mavis Johnson, Occupational Therapist) is an excellent occupational therapist. She's impressive in always trying new things to help my daughter. She is very knowledgeable on home occupational therapy techniques for the parent to do in between appointments.

* * * * *

Karen (Karen Anderson, Speech-Language Pathologist) is a nice person. She understands Emily's quirks and tantrums and deals with them appropriately. She is always upbeat when she comes to the house and understands if I have to cancel. I believe that Karen is the right person for Emily.

* * * * *

Becky (Becky Fahs, Physical Therapist) is incredible! She has techniques that make therapy fun. Austin has learned a lot in a short amount of time.

* * * * *

Teresa Schachtel (Pediatric Vision Screener) was highly professional. She arrived on time and was prepared. She worked patiently with each child and had a good rapport with parent helpers.

* * * * *

We very much appreciated Maria's (Maria Martin, Physical Therapist) care and honest desire to help our son. She has a great gentle way with children and was prompt and professional.

A coin a day so they can walk, talk, see and play!
