

## NEWS FROM YOUR ELKS MAJOR PROJECT . . .

We really appreciated Speech-Language Pathologist Tracy's, speech Program and the fact we could get speech therapy without the fees. Tracy was very nice. We appreciated the help.

Pediatric Vision Screener Teresa, is very friendly, respectful and professional. She is a pleasure to work with and helps us with screening the children for vision. In addition, Teresa provides clear and easily understood results.

Pediatric Vision Screener Kim, was fantastic! She worked nicely with our staff and was super loving and patient with the children. I hope she returns next year as the screenings ran smoother than previous years.

The service that Occupational Therapist Judy provides is a God send. She has a special gift that I know not many have. I feel very fortunate to have met her. The Elks are providing a wonderful service to our community and in part are doing God's work. Thank You!

Pediatric Vision Screener Katie, is wonderful. She is comfortable with the children and also with the parent volunteers. As administrator I find Katie easy to work with and responsive to our needs.

Speech-Language Pathologist Hedley is fantastic in her approach. She is patient and influential in her efforts. She makes my son interested with age appropriate games and activities. She is extremely professional and a pleasure to have around. We feel incredibly grateful for you allowing her to teach our children each week. Thank you Elks Club!
