

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Physical Therapist Kris is caring and well informed. She exhibits her knowledge well and teaches exceptionally well.

Preschool Vision Screener Wyomi, was very professional and very respectful to the children and adults. Tone of voice was soft and friendly to children. Instructions to children were very simple and easy to understand. I would request that Wyomi do the screening next year. Thank you for offering this to our military families. We really appreciate it.

We enjoyed working with Speech-Language Pathologist Jocelyn very much. She was always very kind, pleasant, entertaining and Emma our daughter was always looking forward to the therapy sessions. She was also very professional and well prepared and we all learned a tremendous amount from Jocelyn. She is a great teacher.

I would like to thank Preschool Vision Screener Elizabeth for the service of screening the children. We really appreciate it! I incorporated her coming into my room as part of the lesson for the week. It was a lot of fun, I even read them books on the doctor coming and getting glasses book!

Preschool Vision Screener Linda, was very polite and worked well with the children. After she screened our children she explained the results clearly to me. She was very informative and clearly knows what she's doing. Thank you so much, God's blessings.
