I have had the pleasure of working with Preschool Vision Screener Katie and have found her to be very professional and easy to work with. I have noticed this year that the parents are taking her recommendations and having their child go see an optometrist. We have had a couple of children starting to wear glasses recently.

Occupational Therapist JanDee is amazing! We are really lucky to have her. Tanner is growing in leaps and bounds and JanDee is a huge part of that!

Storm has improved since working with Speech-Language Pathologist Jocelyn. She has done more with him in the past few months than any other program has in the 2 years I have been seeking assistance for my son. Thank you for providing these services. Without your program we would not be able to afford the help my son needs.

We want to thank Preschool Vision Screener Teresa so much for the careful monitoring. One child in particular has a very serious eye problem that you discovered. The parents got him evaluated and he will always have a deficit but it could have been disastrous without your intervention. We are all so grateful for your service.
