

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

We were very happy and pleased with the service provided by our Speech Language Pathologist Hedley. I make recommendations to other parents all the time. She was helpful and encouraging to Mya and when she was having difficulty with the task, Hedley would not push her. She was always positive and kept Mya on track.

Our Occupational Therapist Pam is a pro. Very helpful and thoughtful and a great asset for our son. We see improvement and he responds well to Pam. She is one of our trusted caregivers and an advocate for Sean.

* * * * *

Katie our Vision Screener was excellent as always. She found a concern with one child and referred her for future screenings. She returned to school in January with new glasses. Thank you!

Jocelyn, our Speech and Language Pathologist, helped our son Keanu tremendously improve his speech and other areas. He is doing well in school. We are very thankful for the services provided by the Elks and would recommend to others.
