

## NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Speech and Language Pathologist Tracy was awesome with Layne and she jumped leaps and bounds with the short time that Tracy worked with her as I thought Layne just needed a little nudge and she was able to sprout! Thank you for an amazing program!

We totally appreciate and love Occupational Therapist Chrystalyn for all she has done for Kaylee and how far Kaylee has come since. We also appreciate that we can still call Chrystalyn for support and ideas going forward. Thank you Elks Major Project and Chrystalyn.

Occupational Therapist JanDee is great with Xander. What I appreciate most is that she helps me understand his needs at home as well as school. I'm very thankful for her service.

I don't know what I would have done without this program. It gave my son an opportunity to get the help that he needed and otherwise would not have gotten. I am so appreciative of this program and I hope it continues to help others like us. Our Speech and Language Pathologist Jocelyn was amazing.
