

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

We are so lucky to have Hedley as our Speech and Language Pathologist. Rehan enjoys working with her and is excited when she comes. She knows how to engage him and through her persistence Rehan has improved remarkably with his speech. She is very good at what she does and we appreciate her and the Elks for providing this service.

We have received the free vision screening for years and are very appreciative of this special service. Pediatric Vision Screener Elizabeth has always been thorough and professional in working with our children and staff.

Occupational Therapist Valerie is super patient. She involves us and Zoe's sisters on games and activities. She answers all questions and always gives us great ideas on how to help Zoe. Valerie is great and we feel lucky to get to work with her. Thank you!

Tracy has been a great Speech and Language Pathologist for our daughter Brenda. She has been so great working on sound, words and interacting with our daughter. We are so thankful for her and cannot say enough good about her and how well she works with Brenda. Our daughter looks forward to seeing her every week.
